

VICE-PRESIDENT

ROLE DESCRIPTION

The Vice-President has a position of leadership within Fusion, but not with as much responsibility as the President. They work with the President on all aspects of the society, helping make decisions and achieve Fusion's goals. This general role is ideal for someone who would like variation and responsibility.

If you have any questions about this role, please contact Edward on edward@fusionchemsoc.co.uk.

KEY RESPONSIBILITIES

- To assist the President with their tasks and help lead Committee meetings and discussions.
- To work with all Committee members and teams to ensure the smooth running of the society.
- To help organise sponsorship and other partnerships alongside the External Relations Officer.
- To support the Treasurer in managing the finances of Fusion, working with Bristol SU.
- To ensure that every aspect of the society is inclusive to students of all backgrounds, working closely with other Committee members to achieve this.

IF YOU ARE...

Well-organised

A team player

Motivated

A strong leader

**Passionate
about Fusion**

Enthusiastic

Responsible

Proactive

...then the Vice-President role is perfect for you!

WHY JOIN THE FUSION COMMITTEE?

- To significantly enhance your CV,
- To learn essential and useful skills for any career path,
- To make a positive change to Fusion and both the Chemistry and wider communities,
- To meet new people and have lots of fun, and
- To carry the Fusion spirit forward!

NEXT STEPS

We'd be delighted if you were to apply to become the **Vice-President** of Fusion. You can apply to multiple roles.

Click the **Apply** button below or go to fusionchemsoc.co.uk/agm and complete the quick application form.

You will also be able to give a short presentation at our online Annual General Meeting at the end of April. Further details will follow after you have submitted your application.

Deadline: Wednesday 21 April 2021 at 23:59.
